of survey respondents **157**

of people served **1847**

of people unable to serve **571**

of children/youth on PEACE Program waitlists **632**

of service related calls/texts/emails **1504**

FROM A PEACE COUNSELLOR

"It is so challenging to work in a field that is so important and life-changing for participants but not to be remunerated equitably is frustrating. It is coming to the point that staff cannot afford to stay employed here."

FROM A TRANSITION HOUSE WORKER

"Turning people away due to lack of space, knowing this has the potential to impact survival is horrific. Our community was and continues to be let down federally, provincially, and municipally in this regard."
